

The “**Just the Right Stock Products Program**” puts the right pieces in the right places for you.

Let us put the right pieces together for you today.  
The stocking program is only a \$1,500 commitment and includes:

- **An Array of JRS Products**
- **A Counter Display**
- **100 Tri-Fold Flyers**
- **Five Catalogs and**
- **Five Counter Mats**

The stocking program is for a single wholesale branch. The wholesaler can select the **JRS Products** for the stocking program for a particular branch or we can select the products based on the branch's current **JRS Products** sales mix and our experience with the product line.

Contact your local representative or go online at [www.jrsproducts.com](http://www.jrsproducts.com).

# Just the Right Stock Products Program

JRS Products are available for light commercial and design-build projects.

Counter Display– Counter Mat – JRS Products Catalog – Tri-Fold Flyer

## JRS Products Wholesaler Counter/Shelf Display:

JRS Products are wholesaler stocking items for the light commercial and design-build markets. To promote this product line to your contractor customers in your counter or shelf area, we now offer a Wholesaler Counter/Shelf Display kit.

This kit includes a sampling of JRS Products on a 18" H x 34" W metal rack that includes the JRS Products logo graphic and a plastic pocket mount for the tri-fold, promotional counter flyer.

## JRS Products Wholesaler Counter Mat:

To promote this product line to your contractor customers in your counter area, we now offer a Wholesaler Counter Display Mat. The mat features the JRS Products group photo and sports background. The mat is printed on a heavy duty laminate with a medium duty rubber backing and scratch resistant vinyl cover.

## JRS Products Catalog:

This catalog is laid out by product category and figure number so that locating a product is fast and easy. Featured on each product page is a product photo, a technical drawing, and product details, all organized into a tabbed, black and white, 3-ring binder. JRS Products includes roof drains, floor drains, and sanitary floor drains, and cleanouts, water hammer arresters, trap primers, hydrants, backwater valves and grease interceptors.

## JRS Products Tri-Fold Counter Flyer:

This 4-color, tri-fold counter flyer is small and convenient for display and pocket reference. Shown in the flyer are all of the products available in the JRS Products line. The offering includes cast iron, ABS and PVC products to help you put the right pieces in the right places.

For more information on the Just the Right Stock Products Program, contact your local representative, or go online at [www.jrsproducts.com](http://www.jrsproducts.com).
